P. 216. Sir John (Johnson) reported from Lushington on March 8 (1779):

"In compliance with your Excellency's desire signified to me in a letter to Colonel Claus, I have to inform you that Exclusive of Defau and Green, who went off the last of December . . . . .  
--- Defau did not think of being back till the end of this month, but if anything was intended against this Province, Green was to return immediately.

Johnson announced the return of two of his scouts on May 4.

"I have the pleasure to inform Your Excellency that Defau and Green are returned and herewith transmit two Notes Defau received from Colonel Beverly Robinson with all the Newspapers they bought in. Defau being closely pursued was obliged to destroy your Excellency's letter to Sir Henry Clinton, and having no other proof of being Employed, was suspected until he obtained a Certificate from Governor Franklin of his having been confined with him in New England on account of his loyalty — his Examination is also enclosed which was taken in a hurry, but contains everything that he or Green could collect. . . . ."
